Understand the information about your land

Page number

The page the map of the parcel is on.

Land parcel ID

Parcels selected to appear in the map.

Hedgerow length in metres

Total length of hedges in metres.

Total area

The whole parcel size in hectares. This is not the total eligible area.

Land cover area

Area of the parcel in hectares where selected land covers are present.

Land cover type

The type of land cover within a parcel. If there is more than one land cover type in a parcel, the map can only show the largest. The information table lists all land cover types and areas.
